

You are safer Wherever you are.

When traveling, we make sure we have the essentials with us: passport, plane ticket, itinerary, cash and credit cards, clothes, camera and phone among other items. But what we often overlook is health coverage, which is crucial to ensuring that our holidays remain hassle free. After all, nothing can ruin a perfectly-planned vacation or business trip than being unprepared for a medical emergency. And when you’re crossing national borders or if you are traveling 150 kilometers or more away from home for less than 90 days, it’s a good idea to check if your health card can provide health assistance, just in case an emergency happens abroad.

In fact, when you have to be discharged from a hospital and need intensive medical assistance to return home, Assist America will arrange your transportation and provide an escort, if necessary.

With MediCard’s tie-up with Assist America, a provider of global emergency services for travelers, you may avail of the following medical services while you are away from home: consul-tation and evaluation with their medical personnel, medical referrals and medical monitoring. And, if needed, Assist America can also facilitate hospital admission.* The tie-up with Assist America gives qualified MediCard VIP members a premier global emergency medical assistance. In fact, when you have to be discharged from a hospital and need intensive medical assistance to return home, Assist America will arrange your transportation and provide an escort, if necessary.

Through MediCard’s collaboration with Assist America, you’re assured of superior health care assistance when you move beyond a 150 kilometer radius from home or cross the border of a different country. With this, you’re definitely safer wherever you are.

*Hospital admission is subject to the participant's health coverage. Participant must repay any emergency hospital admittance deposit paid by Assist America within 45 days. Participants, through their health plan or other means, are responsible for costs incurred for medical services rendered by the treating medical facility.

Through MediCard's collaboration with Assist America, you're assured of superior health care assistance during an emergency when you move beyond a 150 kilometer radius from home or cross the border of a different country.

You are cared for anywhere in the world.

VIP plan pays you back

What's more exciting about being a VIP member is that it actually pays you back because every VIP plan comes with an Executive Check-up at any MediCard free-standing clinic. You may also avail of Assist America and/or Lifeline Rescue services in case of an emergency.

More perks that also matter to you

On top of the healthcare benefits, you also have the privilege to use the facilities of the MediCard Lifestyle Center like its fitness and conference rooms. You also have free services at the Lifestyle Center that includes diamond peel at our Skin and Body clinic, weight management and nutrition program.

Sign up for the VIP Plan now and qualify for a wider range of benefits such as:

Access to 5-star hospitals

That's right, as a VIP member, you will be granted access to the country's premiere hospitals in Metro Manila such as St. Luke's Global City and Quezon City; Asian Hospital, Alabang; Cardinal Santos Medical Center, Greenhills; Makati Medical Center; and The Medical City, Ortigas.

Privilege to prescribe your own doctor*

Only MediCard VIP plan allows you to recommend your own doctor – he/she may be your long time physician or someone you are most comfortable with. Now, that's flexibility.

More savings

You save even more with VIP plan as Pre-Existing Conditions are covered such as hypertension, goiter, cataracts or glaucoma, gastritis, tuberculosis, arthritis and more.

*Reimbursement basis based on MediCard Relative Value (MRV) rates and limits. Own doctor must be based in the Philippines
